## United Foundation Fundraising Purpose

HUF, the Haitian United Foundation, will be hosting a fundraising event for the future of children and for the community development of new immigrants. The aim is to provide resources and support to ensure that children from immigrant families have access to opportunities and resources that will help them succeed in the future. This includes access to education, healthcare, and other essential services that will help them thrive and reach their full potential.

Moreover, the fundraising efforts for community development among new immigrants strive to facilitate the integration and inclusion of immigrant families within their new communities. This encompasses provisions such as language classes, job training, and other essential resources aimed at fostering a robust foundation, enabling immigrants to positively contribute to their communities.

Overall, the goal of fundraising for these causes is to create a more equitable and inclusive society where all children, regardless of their background, have the opportunity to succeed and thrive. We eagerly anticipate your attendance and participation at the upcoming HUF Night of Culture - All White Jazzy Affair. This event will showcase a rich cultural art expo featuring live jazz music, along with networking opportunities, delicious food, and great company. The event will be held at the Southampton Arts Center, located at 25 Jobs Lane, Southampton, NY 11968. The event will happen August 10<sup>th</sup>, 2024, beginning at 6 PM.
